Summary of Activities – January 2009

In January, I organized a meeting during the Washington Mardi Gras week with senior staff from the 4 members of congress (Landrieu, Vitter, Melancon and Scalise), Garrett Graves, Chairman of the state of Louisiana's Coastal Protection Restoration Authority, Steve Wilson, member of the authority and also President of Pontchartrain Levee District, VJ St. Pierre, Parish President and Mike Chopin of engineering firm, BKL and councilman Terry Authement. The discussion centered on alternatives for authorization of West Bank Hurricane Protection Project for St. Charles Parish and consensus was reached on a strategy that would include St. Charles Parish in the currently authorized West Bank and Vicinity Project. I also helped the Parish by inviting members and staff to the St. John, St. James, St. Charles breakfast during the Washington Mardi Gras time frame.
